ABOUT ME

Highly skilled and passionate web developer with a strong foundation in front-end and back-end technologies. Dedicated to creating responsive, user-friendly websites and applications that deliver exceptional user experiences. Seeking a challenging role to leverage my expertise in web development and contribute to innovative digital solutions

EXPERIENCE

Video editor | Handa Health Care Centre Ayurvedic Clinic | Ludhiana | March 2024 - May 2024
I worked as a Video Editor at Handa Health Care Centre Ayurvedic Clinic for three months on a project basis. My responsibilities included creating and editing videos showcasing Ayurvedic treatments and patient testimonials, ensuring high-quality content that adhered to the clinic's brand guidelines and effectively communicated its message.

PROJECTS

PORTFOLIO WEBSITE |PORTFOLIO|
January 2024 - January 2024
created a portfolio website to showcase my skills, projects, and professional experiences. The site includes an "About Me" section, a project gallery, and a contact form for direct inquiries. Additionally, an integrated Excel sheet provides detailed information in an organized format.

TOP - TRANSPORT OPTIMIZATION PROGRAM
October 2023
An end-to-end Database focused web app for cab services.
App lays out eco-friendly pooling services, available for anyone to either get a ride or register a ride as a driver.
Technologies: HTML, CSS, Javascript, Bootstrap, Node.js, Express.js, API Integration, MongoDB

WORLD CLOCK | GITHUB |
November 2022 - December 2022
I have created a World Clock using HTML, CSS, and JavaScript. This project displays the current time for various cities around the world, showcasing my skills in frontend development and dynamic web programming. The clock features an intuitive and visually appealing interface, making it easy for users to check the time in different time zones at a glance.
